

# Par 64 Spot Banks

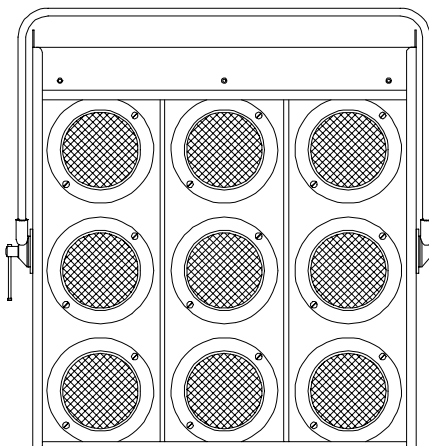

Spot banks are available in various configurations for Par 64 lamps. Designed with ease of use in mind, they feature robust lightweight aluminium construction, semi-gloss black electrostatic paint finish, heavy duty yoke with positive lock off, using a tee bar to enable unit to be set at any desired angle. In addition each lamp bank will pan independently to alter light effect. Lamp change itself is simplicity due to quick release knobs on lamp retaining rings which are chrome plated and are fitted with a safety mesh as standard. The spot banks can be supplied with 2 or 4 way barn doors incorporating colour frame at extra cost. The units are supplied wired or unwired which must be stated when ordering. Non standard sizes built to special order.
