

**Digital & Analog input**

Supports simultaneous connections; digital technology provides best performance and protects your investment.

ErgoStand™ Design

Convenient ErgoStand™ set height design with tilt adjusts allows for a more comfortable viewing position.

ErgoBright™ technology

Saves energy and adjusts brightness and contrast with the touch of a button to your preferred viewing level.

Super-thin bezel design

Saves desktop space with mountable or stackable wall and arm brackets.

Internal power supply

Designed with cable management system for clean desktop and easy/flexible setup.

The Sony SDM-S94/S is designed for human performance™. Sony StylePro™ LCD's are thoughtfully designed to optimize comfort and enhance productivity with the ErgoStand™ design and digital and analog input. These latest displays are customized to meet the demands of today's office environments-all while remaining true to the Sony® tradition of renowned quality, reliability and style.
