Satellite 1400 series

Mobile multimedia made easy and affordable.

Choose freedom.

TOSHIBA

Run your multimedia life.
The easy, affordable way.

Keep your life on track with Toshiba's brilliant Satellite 1400 notebooks. On-board is all the power and speed you need for **work and play** – from getting online and playing DVDs, to keeping track of your personal finances or building your own website. Powerful communications free you to stay in touch at all times, via easy **e-mail and Internet** browsing.

Everything is pre-installed, so you can get up and go with all the essentials to hand. All wrapped up in a **stylish design** at an affordable price.

Satellite 1400

Experience the power

Satellite 1400 notebooks deliver exceptional performance to support life on the go. The latest high-powered mobile Intel® Celeron® 1.33 GHz processors give you the power to run demanding applications. 256 MB SDRAM and 20 GB HDD storage cope effortlessly with the demands of today's digital lifestyle. At the same time, these ultra-versatile PCs come at prices to suit any personal budget.

Get connected

Your Satellite 1400 notebook comes loaded with connectivity options, so you're free to communicate without being tied down. A built-in modem gets you online anytime, anywhere. Fast InfraRed synchronises data with your PDA, mobile phone or printer. Integrated LAN lets you access your office network.

Entertainment to go

Get more out of life with all the latest multimedia toys and gadgets fitted as standard. Watch DVDs at home or on the go, or burn data, music or images onto CD, thanks to DVD and CD-RW/DVD-ROM combo drive configurations. High-performance graphics and Toshiba Bass Enhanced Sound give amazing video and sound quality. Easy Keys let you control MP3 and CD playback, even when your computer is off. Want to watch movies or play games on a bigger screen? Just connect your notebook to an external monitor or TV via the TV-out port.

Move with style

Designed to make a big visual impact, the new case is a real attention-grabber. Open the lid and it's equally impressive inside, with brilliant ease of use built in. The 14.1" TFT screen is crisp, bright and easy to read. For maximum convenience you get instant one-button Internet access, and an ultra-comfortable palm rest with Touch Pad.

Life made easier

Here's everything to run your life in your hands – an all-in-one hardware package plus a fantastic bundle of pre-installed software for out-of-the-box functionality. Windows XP Home Edition puts all the excitement of the digital age at your fingertips, while Works Suite 2002* lets you build photo libraries, manage your personal finances, write letters and e-mails and edit movies. In short, when it comes to running any business or leisure task, these versatile notebooks do it all!
